Shares purchased on or after the applicable ex-distribution dates will not receive the distributions discussed above. Distributions may include net investment income, capital gains and/or return of capital. Any portion of the Fund’s distributions that is a return of capital does not necessarily reflect the Fund’s investment performance and should not be confused with “yield” or “income.” The Fund’s Section 19a-1 Notice, if applicable, contains additional distribution composition information and may be obtained by visiting <https://www.brookfieldoaktree.com/fund/brookfield-real-assets-income-fund-inc>. The tax status of distributions will be determined at the end of the taxable year. Based on current estimates, it is anticipated that a portion of the distributions paid in calendar year 2024 will be treated for U.S. federal income tax purposes as a return of capital. The final determination of the tax status of those 2024 distributions will be made in early 2025 and provided to stockholders on Form 1099-DIV.
